Subject : Office Action Summary of 9/11/2006
Reference : Application # 10/814,035

Dear Deborah

Nice to speak with you this morning regarding my election/
restriction requirement. Per our conversation, the invention is
focused on the simultaneous/combined application of heart rate
variability coherence and respiratory therapy. Consequently, I elect
to pursue the invention within this context.

Thank you and regards

Stephen B. Elliott, Inventor
